

Whitesburg Sewer Plant Project

LOCATION:

Whitesburg, KY

CLIENT:

City of Whitesburg

TYPE OF PROJECT:

Sewer Project

This project resulted from an update of the City of Whitesburg's 201 Facilities Plan. The 600,000 gpd treatment plant was designed to serve 625 existing customers as well as accommodate future growth of the system. The project also added 60 new customers through the addition of new sewer lines to the Whitco area of Whitesburg.
